

**EGYPTIAN ELECTRIC COOPERATIVE ASSOCIATION**  
**Murphysboro, Illinois**

**SCHEDULE "P" – UTILITY POWER PACK RATE**

**TYPE OF SERVICE**

Permanent single-phase, 60 cycles, at available standard voltage of 120 volts.

**AVAILABILITY AND CONDITIONS OF SERVICE**

Available to any Utility/Member in good standing subject to the following conditions:

1. Member shall be a registered utility in the state of Illinois.
2. The utility shall have a joint use agreement with EECA that is in good standing.
3. Power Pack equipment shall be installed on an EECA pole that is readily accessible for maintenance. No equipment shall be installed above the designated telecommunications space as defined in the utility joint use agreement. All installations shall comply with all local, state, and federal safety codes, including but not limited to the National Electric Code (NEC) and the National Electric Safety (NESC) codes, approved editions at the time of installation.
4. Power Pack equipment shall be unmetered and billed in accordance with the rate schedule given herein.
5. Monthly rates will not be pro-rated for service outages.
6. Member shall provide proof of easement for the installation of the power pack equipment and provide access to all equipment at all reasonable hours for the purpose of inspecting and maintaining EECA equipment.
7. Maintenance of power pack services shall be routinely scheduled during normal working hours at the EECA's convenience.
8. For member requesting service at locations other than locations where EECA has available facilities, the member shall pay the installation, labor, and materials charges for all equipment based on the current line extension policy.

**SERVICE CHARACTERISTICS**

A power pack service includes up to twenty-five (25) feet of secondary cabling to connect to an existing EECA transformer. Connection and deposit fees shall be billed in accordance with EECA policy.

**MONTHLY RATE FOR SERVICE**

Each unmetered power pack device shall be billed monthly at the following Rates for Service:

1. Service Availability Charge: \$40.00 per month for single-phase service
2. Energy Charge: All energy unmetered: \$ 5.00
3. FLAT Fee Total \$45.00

**TAX ADJUSTMENT**

The amount computed at the above monthly rate shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

*This schedule of rates shall be effective for March 2018 usage.*
