

**EGYPTIAN ELECTRIC COOPERATIVE ASSOCIATION
POLICY BULLETIN NO. 507**

SUBJECT: SINGLE PHASE SERVICE TO CABINS, CLUBHOUSES, GRAIN BINS AND OTHER SEASONAL OR INTERMITTENT LOADS.

POLICY:

The cooperative will make single-phase electrical service available to cabins, clubhouses, grain bins and other seasonal or intermittent loads in its service area in accordance with its by-laws and under the following terms and conditions.

A. GENERAL CONDITIONS

The member will furnish:

1. A \$50.00 non-refundable new service fee
2. A security deposit (if required) (See Policy 104)
3. All necessary easements
4. Cleared right-of-ways

B. OVERHEAD SERVICE

The member will furnish:

1. A meter loop constructed in accordance with the cooperative's specifications.
2. A non-refundable contribution in aid-of-construction equal to 75% of the actual construction cost for each circuit foot of primary line or secondary line installed
3. All other costs associated with a new service, such as but not limited to metering, and terminations, will be billed out at a nonrefundable aid-in-construction payment equal to 100% of the actual cost.

C. UNDERGROUND SERVICE

1. The member will furnish:
 - a. A non-refundable aid-in-construction payment equal to the 75% of the actual construction cost for each circuit foot of primary line or secondary line.
 - b. All other costs associated with a new service, such as but not limited to metering, and terminations, will be billed out at a nonrefundable aid-in-construction payment equal to 100% of the actual cost.
2. The member shall pay the total costs for labor and material for the converting of an existing overhead line to underground.
3. All charges must be paid prior to the start of construction.

POLICY BULLETIN NO. 507

4. All charges are based on anticipated normal construction conditions. The cooperative reserves the right to increase charges should conditions be encountered that would substantially increase the cost of construction. The cooperative also reserves the right to decline an application for service or alter the route of a line if natural conditions are such that the cooperative determines that construction is not feasible.
