

**EGYPTIAN ELECTRIC COOPERATIVE ASSOCIATION
POLICY BULLETIN NO. 101**

SUBJECT: STATEMENT OF MISSION & IDEALS

MISSION STATEMENT:

Egyptian Electric Cooperative is in existence to improve the quality of life of its consumer-members by providing the safest and most affordable electric service.

STATEMENT OF IDEALS:

1. **Voluntary and Open Membership:** We uphold the principle of voluntary and open membership, ensuring that membership is open to all individuals in our service territory without discrimination, promoting inclusivity and diversity within our cooperative membership and community.
2. **Democratic Member Control:** We prioritize democratic decision-making processes, allowing every member an equal vote in the governance and direction of our cooperative, fostering transparency, accountability, and active participation.
3. **Members' Economic Participation:** We enable members to actively participate in and benefit from the economic success of the cooperative, through equitable patronage capital refunds based on their contributions.
4. **Autonomy and Independence:** We safeguard the autonomy and independence of our Cooperative, making decisions that prioritize the collective interests of our members, free from external control or influence.
5. **Education, Training, and Information:** We are committed to providing continuous education, training, and access to relevant information for our members and employees, empowering them with the knowledge and skills needed to participate effectively in the cooperative's activities.
6. **Cooperation Among Cooperatives:** We foster collaboration and mutual support with other cooperatives, promoting solidarity and sharing resources, knowledge, and experiences for the benefit of the cooperative movement as a whole.
7. **Concern for Community:** We actively contribute to the well-being and development of our local and global communities, addressing social, environmental, and economic challenges through initiatives and actions that prioritize community needs.
8. **Sustainable Practices:** We embrace sustainable practices and responsible stewardship of resources, aiming for environmentally friendly operations and energy efficiency - encouraging members to adopt sustainable behaviors for the cooperative and the community.
9. **Ethical Business Conduct:** We adhere to high ethical standards in our business conduct, promoting honesty, integrity, fairness, equity, and respect in all interactions with members, stakeholders, and the broader community.
